Fall Total Enrollment Summary

Race/Ethnicity: Federal Categories

Federal definitions require non-permanent resident students to be counted as nonresident, and all other students to be counted in one category, starting with whether or not they are Hispanic or Latino. Those who are neither Hispanic nor Latino are classified into their chosen race/ethnicity or into "two or more" if multiple selections are made. Race and ethnicity information is self-reported.

Students of Color = Black/African American, Hispanic/Latinx, American Indian/Alaska Native, Native Hawaiian/Pacific Islander, Two or more race/ethnicities, and Asian.

Race and Ethnicity: All Categories Selected -- "Over 100%"

As individuals have and can select multiple race and ethnic identities, the following data shows the percent of domestic students who identify with each race and ethnic category. As such, students are counted multiple times, and percentages will add to over 100% of the student body. Nonresident students remain separate.

2024-25 Degrees Awarded: Minors

Double Minors

Above, Left: Unique counts for each table (minor or double minor). The distinction of minor and double minor is arbitrary, and used for record-keeping only.

Below: Totals are not a unique headcount. Degree-earners are counted in each minor and double minor associated with their award.

Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Distance learning classes, noncredit classes, individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings, independent study, co-operative programs, internships, foreign language taped tutor sessions, and practicums are excluded. Each class section is counted only once and not duplicated because of course catalog cross-listings.

Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Each class subsection is counted only once and not duplicated because of course catalog cross-listings.
