How to Search for Classes

There are two ways to search for classes: through the Browse Classes link, or through the Register for Classes link.

How to Browse Classes

1. From the landing page, click on Browse Classes.

2. Select a term from the dropdown menu and then click Continue.

3. The class search page will open. The basic search allows you to use any of the following criteria to search for classes:

a. Subject: This allows you to search by the subject of the class, either by typing all or part of the subject, or by selecting from a dropdown. Searching on multiple subjects at once is permitted.
b. Course Number: You can search for the exact course number, or a partial course number using the wildcard.
    i. For example, to find a 490 class, you could search for 490 or %90 or 49%.
c. Title: Will search for a word or words within the title of a class. The wildcard (%) is permitted.
d. Attribute: Use this to search by core requirement.
    i. Searching for multiple attributes on one search will only yield results that have all selected attributes. For example, searching for Regional Focus and Pre-1800 will only return classes that have both attributes.
e. Unit Range: Search for classes by unit value.

4. Additional search criteria is available by clicking on the Advanced Search link.
    a. Course Number Range: Search for classes between two course numbers (e.g. between 100 and 299).
    b. Keyword (With Any Words): You can search for multiple keywords and return results that include one or more.
    c. Instructor: Search by Faculty Member.
    d. Department: Search by the home department of the class.
    e. Start Time: Search for classes that start at or after a certain time.
    f. End Time: Search for classes that end before a certain time.
    g. Meeting Days: Search for classes that only meet on certain days of the week.

Register for Classes Class Search

1. From the landing page, click on Register for Classes.

2. Select a term from the dropdown menu.
3. When prompted, enter your alternate pin and then click Submit.

4. The Register for Classes page will open with three tabs at the top: Find Classes, Enter CRNs, and Schedule and Options.

5. The basic search allows you to use any of the following criteria to search for classes:
    a. Subject: This allows you to search by the subject of the course, either by typing all or part of the subject, or by selecting from a dropdown. Searching on multiple subjects at once is permitted.
    b. Course Number: You can search for the exact course number, or a partial course number using the wildcard.
        i. For example, to find a 490 course, you could search for 490 or %90 or 49%.
    c. Title: Will search for a word or words within the title of a course. The wildcard (%) is permitted.
    d. Attribute: Use this to search by core requirement.
        i. Searching for multiple attributes on one search will only yield results that have all selected attributes. For example, searching for Regional Focus and Pre-1800 will only return classes that have both attributes.

Class Search Results

1. Once you have entered your search criteria, click Continue.
2. All active classes on the schedule that meet your search criteria will be returned. The columns displayed include:
   a. CRN
   b. Subject
   c. Course
   d. Section
   e. Title
   f. Units
   g. Instructor(s)
   h. Meeting Times: Must be logged in to view.
   i. Attribute
   j. Status: This will tell you how many overall seats are available in the class, whether it's full or not, and whether there are linked sections.
   k. Reserved Seats: Displays how many available reserved and unreserved seats there are for the class.
   l. Linked Sections: You can click on the button to view any sections that are linked to the class.

3. Clicking on the title will bring up the Class Details Pop Up, which has tabs with different information about the class.
   a. Class Details: Basic information about the class, including the term, CRN, Title, Section, Credits, and Grade Mode.

b. Bookstore Links: Link to the Oxy Bookstore, so you can search for materials.
c. Course Description: Description of the class.
d. Attributes: Displays the attributes that the course carries.
e. Restrictions: Displays any restrictions that exist, including class restrictions or special approvals.
f. Instructor/Meeting Times: Displays all instructors, the meeting days and times, and if assigned, the location of the meetings. You must be logged in to see this information.
g. Enrollment/Waitlist: Provides information on how many seats are available and used, including available waitlist seats. Does not display reserved seats, but that information can be found in the search results.
h. Corequisites: Displays class corequisites, if any exist.
i. Prerequisites: Displays class prerequisites, if any exist.
j. Cross Listed Courses: Displays cross listed class information, if the class is crosslisted.
k. Linked Sections: Displays information for linked sections, if any exist.
l. Mutual Exclusion: Displays other courses that a student may not enroll in if they've already passed the class.
m. Catalog: Provides basic information from the course catalog, including title, grade modes, schedule types, and attributes.
n. Fees: Displays any special fees that a class may have.

Class Details for Marine Biology Biology 105 1

Term: 202602 | CRN: 2320

4. To view sections that are linked together (i.e. a lecture and lab), you can click on the View Linked button in the Linked Sections column.

5. This will bring you to a page that shows any sections linked to the class.

    a. The Title, Schedule Type, and CRN outlined in orange display the class selected.

    b. The information outlined in blue references the linked section information.

Helpful Hints

- Searching on multiple criteria is treated as "and" in most cases, except:
  - When searching for multiple subjects: American Studies, Biology, Economics is treated as "American Studies or Biology or Economics".
  - When searching for multiple keywords: searching for social justice will return courses with social justice as keywords, and the search will also return courses with only social as a keyword and those with only justice as a keyword.
  - When searching for multiple departments: Searching for American Studies, Biology, Economics is treated as "American Studies or Biology or Economics".

- If your initial search doesn't turn up expected results, try broadening your search by using fewer criteria.
- You can sort your search results by clicking on the up and down arrows for the CRN, Subject, Course, Section, and Title columns. The default sort order is Subject, Course, Section.

- The columns can be adjusted as needed by hovering over the dividing line between two columns and then sliding to widen or narrow the column.

- Browsing for Classes and Browsing Course Catalog do not require log in. To be sure that you are logged in, you should see your name at the very top right of the page.

Not logged in: no name appears next to the gear in the blue highlighted area.

Logged in: Name appears next to the gear in the blue highlighted area.

- Hovering over the meeting times, status, or reserved seats field will display the information in a small popup form.

- Clicking on the gear icon near the top of the search results allows you to turn on or hide any of the displayed columns by checking or unchecking the box.
