

# Help Occidental make waste history

## ***What is ReusePass? PROGRAM INFORMATION***

"To-go" never looked so good! With its safe, heavy-duty plastic, the eco-clamshell can be reused, re-washed, and eventually recycled at the end of its 4+ year lifespan.

## **ReusePass is required for all take-out orders at the MarketPlace**

### **Step 1: Sign up for ReusePass**

Go to [app.reusepass.com](http://app.reusepass.com), select Occidental College and then follow the prompts to create your account.

### **Step 2: Check-out your eco-clamshell**

When you ask for your food to-go at any hot food station, it will be put in a clamshell for you. Head to the cashier stations with your clamshell and have your ReusePass QR ready! The dining staff team will scan your ReusePass QR code and the container QR code. This completes the check-out process, and you'll see the eco-clamshell in your ReusePass account.

★ Pro tip: add your ReusePass to your mobile wallet or screenshot so it's always easy to find!

### **Step 3: Enjoy and return to the tray drop!**

Enjoy your meal waste-free and then return the container to a tray drop within 72 hours or you will incur a late fee of \$8 to your student account.
