

OXY ARTS SUMMER INTERNSHIPS

Each summer OXY ARTS connects 2 selected students with local art partners across Los Angeles for an immersive paid internship. This is an opportunity to gain hands-on experience working with artists and organizations across different aspects of the art world. For summer 2022 we are pleased to offer internships at [artworxLA](#) and [Clockshop](#).

The Occidental students selected for these internships will be paid a \$4,500 study grant, will be provided with room and board on campus [based on income], and will work full-time for a community-based non-profit organization in Los Angeles. Internships will run from May 31 - August 5, 2022. Participating students will participate in the URC summer program and present their work at the end of the summer at the URC conference.
