Board of Trustees Occidental College

We have audited the accompanying balance sheets of Occidental College (the "College") as of June 30, 2010 and 2009 and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America as established by the American Institute of Certified Public Accountants and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Occidental College as of June 30, 2010 and 2009 and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2010 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying Schedule of Expenditures of Federal Awards, for the year ended June 30, 2010 is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Los Angeles, California November 15, 2010

NOTES TO FINANCIAL STATEMENTS

As of June 30, 2010 and 2009

NOTE 1 – OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Occidental College (the "College") is an independent, coeducational college of liberal arts and sciences, founded in 1887. Occidental College seeks to provide an education of high quality in the best tradition of the liberal arts, emphasizing thorough competence in a chosen field of study together with a broad understanding of our historical and cultural heritage and the relationships among fields of knowledge. The College is accredited by the Western Association of Schools and Colleges.

Basis of Accounting and Reporting

The accompanying financial statements of the College, a not-for-profit educational institution, have been prepared on the accrual basis of accounting in accordance with standards generally accepted in the United States of America.

Revenues, gains, expenses and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the College and changes therein are classified and reported as follows:

Unrestricted Net Assets

Unrestricted net assets are comprised of assets which are for operating purposes or assets which are not subject to donor-imposed restrictions and are general in nature. Unrestricted net assets have been segregated into the following categories:

Designated – Educational and general – includes funds that are internally designated for operational or special use.

Designated – Functioning as endowment – includes certain gifts not otherwise restricted and Board designations of assets to function as endowment.

Designated – Student notes funds – includes lending activity to students utilizing College resources designated for that purpose as well as funds intended for a general College loan program.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of June 30, 2010 and 2009

NOTE 1 – OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Unrestricted Net Assets (continued)

Designated – Life income and annuity contracts – the College has legal title to life income and annuity contracts and agreements, subject to life interests of the beneficiaries. No significant financial benefit is or can be realized until the contractual obligations are released

Designated – Renewal and replacement – includes amounts internally designated for renewal and replacement of property and equipment.

Invested in property and equipment – includes property and equipment stated at cost or fair market value at the date of gift, less accumulated depreciation and any related debt. Depreciation is computed on a straight-line basis over the estimated useful lives for land improvements (up to 20 years), buildings and improvements (up to 40 years), and equipment and library books (up to 10 years). The College follows the policy of generally recording contributions of long-lived assets directly to unrestricted net assets. However, if the donor stipulates how long the assets must be used, the contributions are recorded as temporarily restricted support. Upon disposition of assets, the cost and related accumulated depreciation is removed with the resulting gain or loss recognized in unrestricted net assets.

Temporarily Restricted Net Assets

Temporarily restricted net assets are those assets whose use by the College is subject to donor-imposed stipulations that can be fulfilled by actions of the College pursuant to those stipulations or that expire by the passage of time. Such assets include accumulated endowment investment gains (see Note 12), certain charitable remainder unitrusts, pooled income funds, gift annuities, and certain pledges receivable for which the ultimate purpose of the proceeds is not permanently restricted.

Permanently Restricted Net Assets

Permanently restricted net assets are those assets subject to donor-imposed stipulations that they be maintained in perpetuity by the College. Generally, the donors of these assets permit the College to use all or part of the investment return on these assets for unrestricted purposes. Such assets primarily include the College's permanent endowment, certain charitable remainder unitrusts, and loan funds established by outside donors.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of June 30, 2010 and 2009

NOTE 1 – OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Revenues and Expenses

Student tuition and fees are recorded as revenues in the period during which the related academic services are rendered. Student tuition and fees received in advance of services to be rendered are recorded as deferred revenue.

Contributions are reported as increases in the appropriate category of net assets, except contributions that the donor restricts where the restrictions are met within the same fiscal year, as these contributions are included in unrestricted net assets. Contributions other than cash are recorded at their fair market value or net realizable value at the date of gift.

Revenues from grants and contracts are exchange transactions and are recognized as allowable expenditures under such agreements as costs are incurred.

Revenues from sources other than contributions are reported as increases in unrestricted net assets. Gains and losses on investments are reported as increases or decreases to the appropriate net asset category.

Expenses are generally reported as decreases in unrestricted net assets. Expirations of temporary restrictions on net assets are reported as "net assets released from restrictions" from temporarily restricted net assets to unrestricted net assets. Temporary restrictions on gifts to acquire long-lived assets are met in the period in which the assets are acquired or placed into service.

Contributions, including unconditional promises to give, are recognized as revenue in the period received. Conditional promises to give are not recorded as contributions until the conditions on which they depend are substantially met. Unconditional promises to give are donor commitments where there is sufficient evidence they exist, verifiable documentation, no ambiguous conditions, and legally enforceable. If these contributions are to be received after a year and/or over a number of years, they are discounted at a rate equivalent with the short-term and mid-term applicable federal rate ("AFR"). The discount is amortized and recorded as additional contribution revenue in accordance with the donor-imposed restrictions, if any. In addition, an allowance for uncollectible promises to give, based on past collection experience, is recorded.

The financial statements present expenses by functional classification in accordance with the overall educational mission of the College.

Depreciation expense is allocated directly based upon the nature of the underlying assets. Interest expense on external debt is allocated to the functional categories which have benefited from the proceeds. Plant operations and maintenance represents space-related costs that are allocated to the functional categories directly and/or based on the square footage occupancy.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of June 30, 2010 and 2009

NOTE 1 – OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Cash and Cash Equivalents

Cash and cash equivalents include short-term, highly liquid investments with a maturity of three months or less at the time of purchase. Cash and cash equivalents representing assets held as endowment and similar funds and assets held for annuity and life income payments are included in long-term investments. Cash and cash equivalents are reported at cost which approximates fair value.

The College has cash balances that periodically exceed the Federal Deposit Insurance Corporation limit. On October 3, 2008, the Emergency Economic Stabilization Act of 2008 raised the Federal Deposit Insurance Corporation ("FDIC") insured limit to \$250,000 on interest bearing accounts temporarily through June 30, 2013. In addition, under this program all non-interest bearing transaction accounts are fully guaranteed by the FDIC through December 31, 2010.

Assets Whose Use Is Limited

Certain proceeds of the serial bonds (see Note 7) held by trustees are limited as to use in accordance with the requirements of the trust agreements. The workers' compensation bank account is also limited as to use in accordance with State of California and insurance requirements. The assets whose use is limited are comprised of cash and cash equivalents.

Assets whose use is limited are recorded at fair value.

<u>Investments</u>

Investments are stated at fair value. The fair value of investments is based on quoted prices from national security exchanges, except for limited partnerships, mortgages, and venture capital which are based on information provided by external investment managers at the most recent valuation period date for the fiscal year-end. Real estate is stated at the lower of cost or fair value. Fair value for real estate is based on market appraisals. Market appraisals are obtained every four years unless a trend in the market warrants more frequent appraisals. Management monitors the activity of external investment managers and performs reconciliations and other procedures to assure that the valuations used in the financial statements are fairly stated. The College believes the carrying amounts of these investments are a reasonable estimate of fair value. Because the limited partnership investments are not readily marketable, their estimated value is subject to uncertainty and, therefore, may differ from the value that would have been used had a ready market for such investments existed. Such differences could be material. Realized and unrealized gains and losses on investments are the difference between the fair market value and the cost basis of the investments. The net realized and unrealized gains and losses are reported in the Statements of Activities.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of June 30, 2010 and 2009

NOTE 1 – OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

<u>Investments (continued)</u>

All investments of permanently restricted net assets and unrestricted net assets designated as endowment funds are carried in an investment pool unless special considerations or donor stipulations require that they be held separately.

Management of Pooled Investments

The College follows an investment policy for its pooled endowment investments which anticipates a greater long-range return through investing for capital appreciation and long-term growth. According to the College's policy, the amount of investment return available for current operations is determined by applying a specified percentage, 5.4%, of a twenty-one-quarter average unit market value to the units held as of June 30 of the prior fiscal year.

Inventories

Inventories in the bookstore, campus dining, and stockroom are stated at the lower of cost or market. Cost has been determined using the average-cost method.

Bond Issuance Costs

Bond issuance costs represent insurance, issuance and underwriters' costs related to the CEFA Series 2005A and 2005B Bonds and the CEFA Series 2008 Bonds (see Note 7). These amounts are amortized over the life of the bonds using the straight-line method, which approximates the effective interest method.

Collections

Collections, such as rare books and works of art, which were acquired through purchases and contributions since the College's inception, are not recognized as assets on the balance sheets. These collections are held solely for their potential educational value or historical significance. Management has determined that the cost to establish the current market value is deemed to exceed the benefit and therefore the collections were not assigned a value for the purpose of capitalization. Purchases of collection items are recorded as decreases in unrestricted net assets in the year in which the items are acquired or as temporarily or permanently restricted net assets if the assets used to purchase the items have been restricted by donors. Contributed collection items are not reflected in the financial statements. Proceeds from deaccessions or insurance recoveries are reflected as increases in the appropriate net asset category.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of June 30, 2010 and 2009

NOTE 1 – OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Estates and Trusts

The College is named beneficiary of various estates in probate. Unless the ultimate amount available for distribution can be determined before the close of the probate proceedings, the College does not record these amounts until the point of asset distribution. Trusts in which the College is named as irrevocable beneficiary, but is not trustee, are recorded as assets held in trust by others when the College is notified by the trustee.

Actuarial Liability

The College uses the actuarial method of recording life income and annuity contract net assets. Under this method, when a gift is received, cash or investments received are recorded at market value, while the present value of the aggregate annuity obligation is recorded as a liability, based upon life expectancy tables. The remainder is recorded as revenue in the appropriate net asset category. Investment income and some gains are credited, and annuity payments and investment losses are charged to the liability accounts, with periodic adjustments made between the liability and the net assets to record actuarial gains or losses. The actuarial liability is based on the present value of future payments discounted at rates ranging from 3.6% to 11.2% and the 2000 Annuity Mortality Table.

Asset Retirement Obligation

Generally Accepted Accounting Principles in the United States of America defines a conditional asset retirement obligation as a legal obligation to perform an asset retirement activity in which the timing and (or) method of settlement are conditional on a future event that may or may not be within the control of the entity. Uncertainty with respect to the timing and/or method of settlement of the asset retirement obligation does not defer recognition of a liability. The obligation to perform the asset retirement activity is unconditional, and accordingly, a liability should be recognized.

There were \$57,915 and \$128,678 asset retirement costs for the years ending June 30, 2010 and 2009, respectively and \$2,403,591 and \$2,345,676 of conditional retirement asset obligations included in the Balance Sheets for the years ending June 30, 2010 and 2009, respectively.

Student Loans

The College administers a federal student loan program, the Perkins Student Loan program. Loans made under this program have a ten-year repayment period, with interest rates between 3% and 6%. In the event of termination of the program, the loan repayments would be distributed to the federal government and the College on the basis of their relative contributions to the program. It is anticipated that any uncollectible loan balances would be treated in a similar manner.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of June 30, 2010 and 2009

NOTE 1 – OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Income Taxes

The College is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code and the corresponding sections of the California Revenue and Taxation Code, except for taxes on net unrelated business income.

In July 2006, the FASB issued ASC 740, Accounting for Uncertainty in Income Taxes, an interpretation of FASB Statement 109, Accounting for Income Taxes ("ASC 740") (formerly FIN 48). ASC 740 clarifies the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribes a threshold of more-likely than-not for recognition of tax benefits of uncertain tax positions taken or expected to be taken in a tax return. ASC 740 also provides related guidance on measurement, derecognition, classification, interest and penalties, and disclosure. The College has applied ASC 740 to all tax positions for which the statute of limitations remained open and determined there were no material unrecognized tax benefits. In addition, there have been no material changes in unrecognized benefits since July 1, 2008, nor are any anticipated in the next 12 months. There have been no related tax penalties or interest, which would be classified as tax expense in the statement of activities. As a result, the adoption of ASC 740 did not have a material effect on the College's financial statements.

Fair Value of Financial Instruments

For those financial instruments for which it is practical, the following methods and assumptions are used to estimate fair value:

Receivables – Amounts receivable under student accounts receivable, contracts and grants receivable, contributions receivable, and trust deeds receivable are carried at cost, less allowing for doubtful accounts, which approximates fair value. Determination of the fair value of student notes receivable, which are primarily federally sponsored student loans with U.S. governmental mandated interest rates and repayment terms and subject to significant restrictions as to their transfer or disposition, could not be made without incurring excessive costs.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of June 30, 2010 and 2009

NOTE 1 – OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Fair Value of Financial Instruments (continued)

Long-term debt – This fair value was estimated based upon the discounted amount of future cash outflows based on current rates available to the College for debt of the same remaining maturities.

Redesignation of Net Assets

Certain amounts previously received from donors have been transferred among net asset categories due to changes in donor designations.

Reclassifications

Certain prior year amounts have been reclassified to agree with current year presentation

NOTE 2 – FAIR VALUE MEASUREMENTS

ASC 820, Fair Value Measurements ("ASC 820") (formerly FAS 157), is effective for financial statements issued for fiscal years beginning after November 15, 2007. The College adopted ASC 820 on July 1, 2008. ASC 820 established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the College has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable of the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or to other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of June 30, 2010 and 2009

NOTE 2 - FAIR VALUE MEASUREMENTS - Continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table summarizes the valuation of the College's investments by the ASC 820 fair value hierarchy levels as of June 30, 2010:

	June 30, 2010							
		Level 1		Level 2		Level 3	Tot	al Investments

Included in changes in net assets	16,633,719		(39,133,525)	
Purchases	9,431,678		26,409,472	
Sales	(16,992,984)		(27,187,770)	
Transfers in and/out of Level 3	 			
Ending balance	\$ 149,969,299	\$	140,896,886	

NOTE 3 – INVESTMENTS

The carrying value of investments is based on the quoted market prices, analytical pricing methods for investments for which there is no market, and the carrying value of limited partnership net assets in proportion to the College's interest. The carrying values are considered fair values, except for real estate. The following schedule summarizes the assets in pooled investments and the assets held as separate investments at June 30, 2010 and 2009:

	2010	2009
Cash and cash equivalents	\$ 37,407,003	\$ 26,529,074
US equity	60,253,534	68,956,064

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of June 30, 2010 and 2009

NOTE 3 – INVESTMENTS - Continued

The College uses the Net Asset Value (NAV) to determine the fair value of all the underlying investments which (a) do not have a readily determinable fair value and (b) prepare their financial statements consistent with the measurement principles or have the attributes of an investment company. The following table lists those investments by major category:

	e June 30,	Strategy	Unfunded Commitments				
Commingled trusts	\$ 83,466,460	These funds invest mostly in domestic and international debt and equity securities. The investments are mostly public securities, and the funds are held in partnership or trust format.	\$ -	Range from daily to quarterly	5 - 30 days notice		
Marketable alternative investments	56,256,928	Hedge funds looking to generate steady returns in the range of 7 to 12 percent with relatively low volatility and relatively low correlations to the equity markets.	-	Range from quarterly to annually	45 - 90 days notice		
Marketable inflation hedging assets	32,682,012	Investments in natural resource equities, commodities, Treasury Inflation-Protected Securities that are meant to generate long term returns similar to the US stock market but would also be expected to perform better in a market in which inflation is rapidly rising.	-	Range from monthly to semi-annually	10 - 45 days notice		
Private equity	31,869,448	Investments in privately held energy and or mining companies that are meant to generate long term returns similar to the US stock market but would also be expected to perform better in a market in which inflation is rapidly rising.	23,163,045	N/A*	N/A*		
Venture capital	5,648,076	Investments in privately held start up and or fast growing companies expected to generate returns above traditional equity markets.	2,172,500	N/A*	N/A*		

^{*} These funds are in a private equity structure

NOTE 4 – TRUST DEEDS RECEIVABLE

The College held notes receivable from faculty members and administrators totaling approximately \$1,483,000 and \$2,257,000 at June 30, 2010 and 2009, respectively. These notes are included in the trust deeds receivable balance on the Balance Sheets and are recorded at cost. Such loans were issued under the College's housing assistance program, and are collateralized by first or second deeds of trust. The interest rate is 5.0% with maturities up to 20 years. The College had \$300,000 of non-interest-bearing loans included in this amount at June 30, 2009 which was paid during the year ending June 30, 2010. No new non-interest-bearing loans were made during the year ending June 30, 2010.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of June 30, 2010 and 2009

NOTE 5 – CONTRIBUTIONS RECEIVABLE

Unconditional promises to give are included in the financial statements as contributions receivable and gift revenue in the appropriate net asset category. Contributions are recorded after discounting at the short-term and mid-term AFR to the present value of future cash flows. The AFR ranged from .57% and 4.48% for the years ended June 30, 2010 and 2009. Amortization of the discount is included in gift revenue.

Contributions receivable are expected to be realized as follows:

1,419,671 \$ 633,670
1,579,891 908,928
2,999,562 1,542,598 (96,319) (86,888) (145,162) (72,786)
2,758,081 \$1,382,924
restrictions:
2,369,152 156,000 474,410
2,999,562

NOTE 6 – PROPERTY AND EQUIPMENT

Property and equipment consists of the following at June 30, 2010 and 2009:

	2010	2009
Land and improvements Buildings Furniture and equipment Construction-in-progress	\$ 6,188,260 175,183,582 21,401,581 3,042,704	\$ 6,035,514 169,400,289 20,812,472 1,503,334
	205,816,127	197,751,609
Less: Accumulated depreciation	(70,969,813)	(65,645,344)
Property and equipment, net	\$134,846,314	\$132,106,265

Depreciation expense for the years ended June 30, 2010 and 2009 was \$6,479,766 and \$6,224,081, respectively.

Occidental College NOTES TO FINANCIAL STATEMENTS - CONTINUED As of June 30, 2010 and 2009

NOTE 7 – DEBT

Bonds payable at June 30, 2010 are summarized as follows:

	Authorized and Issued	Remaining Interest Rates	Remaining Bonds Outstanding
California Educational			
Facilities Authority ("CEFA") Revenue			
Bonds			
Series 2005A & 2005B	\$70,335,000	3.00 to 5.25%	\$66,735,000
Series 2008	20,000,000	4.00 to 5.30%	20,000,000
Total	\$90,335,000		\$86,735,000

Future principal payment requirements on the bonds payable are summarized as follows:

Year Ending June 30,	Series 2005A & 2005B CEFA Bonds	Series 2008 CEFA Bonds	Total
2011	\$ 1,275,000	\$ 335,000	\$ 1,610,000
2012	1,325,000	350,000	1,675,000
2013	1,375,000	365,000	1,740,000
2014	1,430,000	375,000	1,805,000
2015	1,485,000	395,000	1,880,000
2016 and thereafter	59,845,000	18,180,000	78,025,000
	\$ 66,735,000	\$ 20,000,000	\$ 86,735,000

The estimated fair value of the College's bonds payable was approximately \$89,240,000 and \$86,412,000 at June 30, 2010 and 2009, respectively. This fair value was estimated based upon the discounted amount of future cash outflows based on current rates available to the College for debt of the same remaining maturities.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of June 30, 2010 and 2009

NOTE 7 - DEBT - Continued

Dormitory Bonds

The College paid the dormitory bond principal in full on April 30, 2010.

California Educational Facilities Authority Bonds

In March 2008, the College issued \$20,000,000 in bonds through the California Educational Facilities Authority ("CEFA"). The College issued serial bonds with fixed-interest rates ranging from 4.00% to 5.30%, payable on April 1 and October 1 through 2038.

The CEFA Series 2008 Bonds were used for certain capital projects.

The Series 2008 Bonds are collateralized by the pledge of certain revenues of the College including all tuition, room, and board fees, and other fees or charges arising out of general College operations.

The loan agreements for the 2008 CEFA issue contain restrictive covenants which include the maintenance of certain minimum enrollment levels as well as maintaining assets available for debt coverage at a specified level. The College was in compliance with all loan covenants at June 30, 2010.

In March 2005, the College issued \$70,335,000 in bonds through the California Educational Facilities Authority ("CEFA"). The College issued serial bonds with fixed-interest rates ranging from 3.00% to 5.25%, payable on April 1 and October 1 through 2036.

The CEFA Series 2005A and 2005B Bonds were used to legally decease the outstanding debt from the College's CEFA Series 1997 Bonds, as well as to provide funds for certain capital projects.

The Series 2005A and 2005B Bonds are collateralized by the pledge of certain revenues of the College including all tuition, room, and board fees, and other fees or charges arising out of general College operations.

The loan agreements for the 2005A and 2005B CEFA issue contain restrictive covenants which include the maintenance of certain minimum enrollment levels as well as maintaining assets available for debt coverage at a specified level. The College was in compliance with all loan covenants at June 30, 2010.

Lines of Credit

The College entered into one \$5,000,000 line of credit agreement on May 1, 2010 and a second \$5,000,000 line of credit agreement on November 16, 2009. No amounts have been drawn on either line of credit as of June 30, 2010.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of June 30, 2010 and 2009

Total net assets	\$409,179,876	\$381,410,101

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of June 30, 2010 and 2009

NOTE 9 - RETIREMENT PLAN

All academic and nonacademic employees are eligible to participate in the Teachers Insurance and Annuity Association ("TIAA") and/or the College Retirement Equity Fund ("CREF") defined contribution programs. TIAA is a nonprofit, legal reserve life insurance and annuity company and CREF is a nonprofit corporation companion to TIAA.

Benefits are funded by contributions from both the College and participating employees. All contributions are credited to participant accounts, and all College contributions are fully vested. The College's contributions for the years ended June 30, 2010 and 2009 were approximately \$3,460,000 and \$3,321,000, respectively, which are included as expenditures in the Statements of Activities.

NOTE 10 - FUNDRAISING EXPENSES

During the years ended June 30, 2010 and 2009, the College incurred fundraising expenses of approximately \$3,851,000 and \$3,338,000, respectively, exclusive of expenses for Alumni Relations and Public Relations.

NOTE 11 - COMMITMENTS AND CONTINGENCIES

In connection with certain other equity investments, the College has committed to make additional investments totaling approximately \$25,336,000 over the next several years.

In the normal course of operations, the College is named as a defendant in lawsuits and is subject to periodic examinations by regulatory agencies. After consultation with legal counsel, management is of the opinion that liabilities, if any, arising from such litigation and examinations would not have a material effect on the College's financial position.

Certain federal grants which the College administers and for which it receives reimbursements are subject to audit and final acceptance by federal granting agencies. The amount of expenditures that may be disallowed by the grantor, if any, cannot be determined at this time. The College expects that such amounts, if any, would not have a significant impact on the financial position of the College.

NOTE 12 - ENDOWMENT FUNDS

The FASB issued ASC 958, Endowment of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act and Enhanced Disclosures for All Endowments Funds ("ASC 958") (formerly FSP 117-1). ASC 958 provides guidance on the net asset classification of donor restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006. This ASC also requires additional disclosures about an organization's endowment funds for donor restricted and board designated endowments and became effective beginning July 1, 2008. The College adopted ASC 958 for the year ended June 30, 2009. See Note 3 for impact and required disclosures.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

As of June 30, 2010 and 2009

NOTE 12 - ENDOWMENT FUNDS - Continued

The Board of Trustees of the College interpreted the California Uniform Prudent Management of Institutional Funds Act ("UPMIFA") to state that the College, in the absence of explicit donor stipulations to the contrary, may appropriate for expenditure or accumulate so much of an endowment fund as the College determines prudent for the uses, benefits, purposes, and duration for which the endowment fund is established. As a result of this interpretation, the College classifies as permanently restricted net assets, the original value of gifts donated to the endowment, original value of subsequent gifts to the endowment, and accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditures by the College in a manner consistent with the standard of prudence prescribed by UPMIFA which includes the:

- 1) Duration and preservation of the fund
- 2) Mission of the College and the donor-restricted endowment fund
- 3) General economic conditions
- 4) Possible effects of inflation and deflation
- 5) Expected total return from income and appreciation of investments
- 6) Other resources of the College
- 7) Investment policy of the College

NOTE 13 – SUBSEQUENT EVENTS

The College evaluated its June 30, 2010 financial statements for subsequent events through November 15, 2010, the date the financial statements were available to be issued. The College is not aware of any subsequent events which would require recording or disclosure in the financial statements.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Years Ended June 30, 2010 and 2009

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant expenditure activity of Occidental College (the "College") for the year ended June 30, 2010 and is presented using the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparations of the basic financial statements.

Because this schedule presents only a selected portion of the operations of the College, it is not intended to and does not present the financial position, changes in net assets or cash flows of the College.

Subrecipient

The College is the subrecipient of federal funds which are reported as expenditures and listed as federal pass-through funds.

NOTE 2 - LOAN ADVANCES

For the year ended June 30, 2010, the College advanced loans totaling \$511,524 for the Federal Perkins Loan Program (CFDA Number 84.038). As of June 30, 2010, \$5,028,137 of Federal Perkins Loans advanced by the College were outstanding.

NOTE 3 - FEDERAL FAMILY EDUCATION LOANS

During the year ended June 30, 2010 the College processed \$6,171,311 of new loans under the Federal Family Education Loan Program, CFDA Number 84.032 (which includes Federal Stafford Loans, both Subsidized and Unsubsidized and Federal Graduate PLUS Loans).

NOTE 4 – SUBSEQUENT EVENTS

The College has evaluated subsequent events through November 15, 2010, the date this Schedule was available to be issued. The College is not aware of any subsequent events which would require recognition or disclosure in the Schedule.

Report of Independent Certified Public Accountants on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on An Audit of Financial Statements Performed In Accordance With *Government Auditing Standards*

Audit - Tax - Advisory

Board of Trustees Occidental College

We have audited the financial statements of Occidental College (the "College") as of and for the years ended June 30, 2010, and have issued our report thereon dated November 15, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America as established by the American Institute of Certified Public Accountants and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Occidental College's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing an opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of Occidental College's internal control over financial reporting. Accordingly, we express no such opinion.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control would not necessarily identify all deficiencies in internal control over financial reporting that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in the College's internal control over financial reporting that we consider to be material weaknesses. However material weaknesses may exist that were not identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Occidental College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Board of Trustees, others within the entity, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

Compliance

We have audited the compliance of Occidental College (the "College") with the types of compliance requirements described in the U.S. Office of Management and Budget ("OMB") Circular A-133 *Compliance Supplement* that are applicable to its major federal program for the year ended June 30, 2010, except as described in the second paragraph of this report. The College's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the College's management. Our responsibility is to express an opinion on the College's compliance based on our audit.

We did not audit Occidental College's compliance with requirements governing student loan repayments in accordance with the requirements of the Student Financial Assistance Cluster: Federal Perkins Loan program as described in the *Compliance Supplement*. Those requirements govern functions performed by Affiliated Computer Services, Inc. ("ACS"). Since we did not apply auditing procedures to satisfy ourselves as to compliance with those requirements, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on compliance with those requirements. ACS's compliance with the requirements governing the functions that it performs for Occidental College for the year ended June 30, 2010 was examined by other accountants in accordance with the U.S. Department of Education's Audit Guide, *Audits of Federal Student Financial Assistance Programs at Participating Institutions and Institution Servicers*. Our report does not include the results of the other accountants' examination of ACS's compliance with such requirements.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America as established by the American Institute of Certified Public Accountants; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about

the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the College's compliance with those requirements.

In our opinion, the College complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2010.

Internal Control Over Compliance

The management of the College is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, except as noted in the following paragraph, we considered the College's internal control over compliance with the requirements that could have a direct and material effect on a major federal program as a basis for designing audit procedures for the purpose of expressing an opinion on compliance, but not for the purpose of expressing an opinion of the effectiveness of the College's internal control over compliance. Accordingly, we express no such opinion.

Requirements governing student loan repayments in the Student Financial Assistance Cluster: Federal Perkins Loan program as described in the *Compliance Supplement* are performed by ACS. Internal control over compliance relating to such functions for the year ended June 30, 2010 was reported on by other accountants in accordance with the U.S. Department of Education's Audit Guide, *Audits of Federal Student Financial Assistance Programs at Participating Institutions and Institution Servicers*. Our report does not include the results of the other accountants' testing of ACS's internal control over compliance related to such functions.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal would not necessarily identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in the College's internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

This report is intended solely for the information and use of the management, the Board of Trustees, others within the entity, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS

Years Ended June 30, 2010 and 2009

SECTION II - FINANCIAL STATEMENT FINDINGS

No matters to report.

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

No matters to report.

SECTION IV - STATUS OF PRIOR YEAR FINDINGS

Finding 2009-01: Student Status Changes (CFDA 84.032)

This matter was addressed in the prior year and no further matters were identified during the current year audit.

Finding 2009-02: Mathematical accuracy of time cards (CFDA 84.033)

This matter was addressed in the prior year and no further matters were identified during the current year audit.

Finding 2009-03: Period of Availability (CFDA 84.047)

This matter was addressed in the prior year and no further matters were identified during the current year audit.

Finding 2009-04: Physical Inventory of Federally Purchased Equipment (CFDA 47.049)

This matter was addressed in the prior year and no further matters were identified during the current year audit.
