Re: Study abroad course approval question

To: Al [REDACTED]

[REDACTED]

The number of contact hours/week and the number of weeks of the course indicate that this would translate as four credit units. I can approve them for four units of general Oxy credit.

Best wishes and safe travels,
Prof. Kasunic

HOUSING abroad/return

Abroad

Choose homestay (globally most satisfied!) or **standard** only, not “premium.” Singles, private bathrooms without documented accommodation – cost on YOU if these are premium.

Here -**SPRING 2026** see portal:

- Students who need housing accommodations or have particular housing needs or preferences may be studying abroad in the **SPRING** semester.
- If you study abroad in the FALL semester and plan to return to live on campus for the **SPRING** semester, you will be assigned an available room on campus. There is **NO Room Draw process for on-campus housing for SPRING semester**, and RESED cannot guarantee any availability of a particular room type. Typically, rooms available for the SPRING semester include double- or triple-occupancy rooms with existing roommates. If you intend to live off-campus when you return for the spring semester, you must **engage in the third-year live-off process** and receive approval from REHS to live off-campus upon your return.
